Dear Mr Liu,

I am writing to inform you that, after some necessary delay due to customs formalities, we are now in possession of the 20.000 facial masks you kindly donated to us.

On behalf of the people of our municipality, I would like to thank the Nanjing Foreign Affairs Office for the generous offer, as well as you personally, for your valuable contribution to the procedure.

I hope that the situation in your region continues to improve, with no setbacks as far as the pandemic is concerned. The situation in Greece is progressing as well as can be expected, with minimum cases and fatalities, none of which has occurred in our municipality lately. We are hopeful that the measures taken will keep things on satisfactory levels, but there is always concern, especially regarding the situation after the summer period, when we will have inevitably come in contact with visitors from other affected countries. In the end we can only abide by the necessary rules and hope for the best.

Once again, we offer our deepest thanks for your donation and wish you a speedy return to normality.

Kind regards,

THE MAYOR OF MARATHON

STERGIOS TSIRKAS
